Your complete guide to this issue's BONUS VIDEOS

This issue comes with 9 full-length bonus videos: There are three XXX scenes with jizz-hungry newbs and six solo sluts. After you're finished jacking off to your favorite cutie in this magazine, head online and watch other stunning amateur babes cum in HD.

As always, these bonus videos are absolutely free. There are no strings attached. They can be played on your PC, laptop, Mac, iPhone, iPad, smartphone or tablet. You can stream them in your home or on the go! No email, credit card or personal information will be requested. You'll also get a free digital version of the entire issue so you can take *Naughty Neighbors* anywhere you go.

Here are the highlights of this issue's bonus scenes.

Emily Harper is the cutest. She's also one of the naughtiest 18-year-olds you'll ever come across. The moment she became of legal age, the fresh-faced beauty got in touch with our studio to make plans to shoot with us. Emily dove into modeling pussy-first.

Kylie wants to squirt. So she keeps practicing. "I want to learn how to squirt from getting head. I can already squirt from fingering, but I really want to soak a guy's face while he's eating me out," she shared with us.

What's a girl to do when she's bored? Put down her cell phone and start sucking cock! That's what Lexi does, at least. Even though little blonde Lexi looks innocent, she is probably too wild for you.

She doesn't look like an anal addict. Kira may not be able to fill an A-cup, but she can definitely fill her mouth, pussy and even her asshole with cock!

Alexa is a dirty Bush Baby. That's why this skinny, sexy blonde takes a warm bath. She bubbles up her bits, fingering herself until she cums and then whispers sweet nothings into the camera for you.

Daisy is an odd bird. She's not the kind of girl you'd expect to find in porn. After she lost her V-card, she waited six years to fuck again. You don't have to wait to see her body, though. It's ready now.

Redhead Jia is amazing. Her fresh, dewy face and pink lips lure you in. Her porcelain skin is flawless. Her shy expression leaves you wanting more. And then there's that long, natural, red hair to mesmerize you.

Sweet Candy is another Bush Baby. She told us that she's never shaved her cunt all the way. All of her friends have pussy hair, too, but hers is the thickest and longest.

Paisley does porn to piss off her folks. She's a gorgeous rebel who shows off her slit and perky, little titties.

"I'm totally submissive when I have sex with a man," Samantha told us. "With women it's a different story. The most I've ever cum was when my boyfriend blindfolded me and fucked my throat for over an hour. I was choking like crazy, and he held a vibrator on my clit and I couldn't stop cumming. I felt so… used. In a good way, of course. My body was there for his pleasure."

Gialio

Stavros, Greece

Gialio posed for these pictures, taken by an on-again, off-again boyfriend, in a private alcove off of one of the many warm, sandy beaches of the Greek Isles. "I love being naked outdoors," Gialio wrote to us. "I like when the sweat drips down my belly before evaporating in the sunlight. I enjoy feeling the warmth on my pussy and breasts. I think the world would be better if we were naked all of the time."

According to our records, Gialio is the first Greek girl we've ever had in our magazine. That's a shame. Everybody knows that Greek girls are freaks. Hell, the ancient Greeks had so much wild sex, the term for anal sex is called "Greek love!" And, if you ask Gialio nicely, she might let you try that with her. "I like anal sex a lot," she told us. "It takes some warming up, but it's nice."

On full display.

"I'm a nudist. If I were permitted to, I wouldn't ever have clothes on. That's why I spend so much time at the beach. Nobody thinks it's crazy if I get naked and sit in the sun there. I would be arrested if I tried that in the city center!"

Bess Breast

The five horny amateurs in this movie want to fuck you…and we mean you! They want you to fill their mouths and young pussies (two of them are only 18 years old), and then they want you to shoot your load down their throats 'cause they love the taste of cum. Sure, some of it will splash on their pretty faces, dribbling down their chins and onto their perfect tits. But, plenty of it will land on their hot, willing tongues and down their hungry throats.

Cum guzzlers POV 2

Young and horny amateurs need your massive load in their mouths...and they need it now!

If you're into slamming your thick cock down the pretty throats and into the tight cunts of redheads, you're gonna love this movie. The majority of girls in this flick are horny, freckled goddesses who know how to work a fat cock until it explodes. They're all young and pretty, but if you know anything about coppertops, then you know that they're banshees between the bedsheets. Buckle up, boys!

We put babyfaced Brie on the front of the DVD cover because she's got the youthful face of an angel and the cock-sucking skills of a much older woman. She told us that she has a huge collection of dildos that she practices sucking and kissing. Some of them are small, and some are gargantuan. She wants to make sure that when a hard cock, no matter the size, is in front of her, she'll know how to gobble it right up.

ROCK AND ROLL NOVELTY ACT

"Get back!" Ringo Starr's lawyers told a company that was selling cock rings named Ring-O. The Beatles' famous drummer didn't like that this company could damage his good reputation by producing something guys slipped their Jimmies into. Despite the fact that his old band told us all to Come Together, Ringo sent his crack legal team after Pacific Holdings and Momentum Management, makers of the Ring-O. After negotiations, an agreement has been reached. Now, the novelty item must place a space between the "ring" and the "o" of its name, and the company must avoid any activity that could lead to consumer confusion between their toy and the famous Brit. We're glad both sides decided to Let It Be because in today's litigious world, compromising Don't Come Easy.

NO VISITORS TO THE BAT CAVE

HBO and DC Entertainment's animated show Harley Quinn is meant for adults. Even so, there's a line that DC Comics won't cross, and it's a silly line if you ask us. You see, Batman can't lick Catwoman's pussy.

Co-creator and executive producer of the show Justin Halpern said, "In this third season of Harley we had a moment where Batman was going down on Catwoman. And DC was like, 'You can't do that. You absolutely cannot do that.'"

Allow Batman to lick some pussy, you cowards!

Apparently, according to Halpern, DC Comics representatives are convinced that heroes don't "do that." When pushed, they explained that it is hard to sell toys if Batman is also performing cunnilingus on TV. Oh, well. That's too bad for all of us nerds who wouldn't mind seeing some superhero sucking and fucking. We're guessing Marvel Comics won't be giving us that XXX-rated Black Widow movie we've been sending them scripts for. If only we had the budget to hire Scarlett Johansson ourselves!

HOW THE CLIT AFFECTS THE BRAIN.

Scientists working out of Berlin have published a study in the journal JNeurosci that claims it has identified the region of the brain connected to genital touch in women. What's more, the researchers claim that area is more developed in women who have had more sexual stimulation downstairs.

Twenty adult women had their clitorises stimulated while their brains were scanned by MRI machines. Specifically, their somatosensory cortex was examined, the part of the brain that processes sensory information from all over the body. Different areas of the cortex will illuminate on an MRI screen depending on

Mella

Lincoln, Nebraska

Mella is a college student who loves watching WWE wrestling, hanging out with friends, playing with her pets, journaling and going on dates. She's your average teenager. Well, not quite. The average teen doesn't flash her tits in a porno magazine. But Mella is special, and you'll soon see why.

WWW.XSAVA.XYZ & WWW.SPICYMAGS.XYZ

"I lost my virginity on a Tinder date," Mella informed us. "It was with a college guy. He went super slow and gentle, and I was clueless about what to do, so it wasn't great. But, the next time I had sex was much better. I just needed to learn the ropes before I started getting more confident. Now, I have a few tricks up my sleeve. Like, I like swallowing a guy's nut after he just fucked me."

Grip her like a bowling ball.

"I haven't had anal, but I'd be willing to try it. One of my favorite things is to lie on my side while sucking cock so the guy can finger my pussy. When I'm really turned on, I don't mind if he slips his finger in my asshole, too."

River Lynn

Fairhope, Alabama

Imagine the sun is shining and the weather is just warm enough so that your girl doesn't feel like wearing a bra underneath her top, but it's warm enough so that she sticks close to you, letting you drape your arms around her small frame. You're walking through a beautiful garden, arm in arm. Suddenly, she smiles and says she has an idea. She hands you a camera and begins to lower her top.

River is a wild child at heart. "My craziest sexual encounter was under the Hollywood Sign in California," she told us. "I was with a guy I had just met on vacation. He offered to show me around. It was mid-week and the sun had just gone down. We started kissing and I started to suck him off. I figured I'd just give him a blowjob, but he undressed me."

"He brought a blanket, so we lay down and made love for around half an hour. It was slow and passionate, considering we had just met. His cock was pretty big, so I asked him to go gentle. It felt so fucking good inside me, though. He wasn't wearing a condom, so when he told me he was going to cum, I pulled him out and let him cum on my tits. We just lay there as his spunk dried on my chest."

She's a switch!

"I like hooking up with girls. It's funny. When I'm with guys, I'm super assertive and...I guess you could say that I'm the aggressor. But, with girls, I like it when they take the lead and boss me around. It's hotter that way."

Emerald

Denver, Colorado

Emerald is wild, but she appears buttoned down in her regular life. "My coworkers would be shocked to see me in a porn magazine," Emerald shared with our LA photographer. "At work, I'm sort of quiet and just want to get through the day. If my girlfriends found out about this, though, they'd probably laugh and say 'that sounds about right.'"

"Back in college, my friends and I went to an amateur night at a strip club. I got on stage and shook my ass. That was the craziest thing I'd ever done until I called you guys up to do a hardcore scene. I got such a rush on stage, I think it inspired me to be more adventurous. Fucking on-camera is certainly an adventure!"

"It was fun as hell sucking the porn stud off outdoors," Emerald confided to us after her shoot. "I've never had sex outdoors before, but I've always wanted to. My ex in high school was kind of shy about sex, and he's the only guy I've ever asked to do stuff with outside. I think I'm gonna try going on sexy hikes with guys from now on!"

Let fly the gobs of goo.

"I don't have big boobs, but I still like when guys cum on them. There's something so hot about grabbing a big cock in my hands as it shoots and pulses. Watching jizz fly out and feeling the hot wetness on my skin is so kinky."

Evelyn

Chattanooga, Tennessee

Look at how comfortable Evelyn is on-camera. "I did some trade show modeling before I got my job at the plant," she told us. "So I kinda have a quick reaction when people point cameras at me. I smile, push out one hip and place my hand on my hip. It's the international spokesmodel move."

"I'm adventurous in the bedroom now, but I wasn't always," Evelyn shared. "I lost my virginity to my first love. It was really sweet and emotional. He and I learned about how sex worked together. After we broke up, I kinda went wild and started experimenting more. That's when I really started learning!"

NAPS

"I don't have a favorite sexual position because they're all pretty fuckin' fun if you're doing it right," Evelyn giggled to our interviewer. "But it's easiest for me to cum in doggie-style. There's something about the way the cock feels inside me at that angle. That being said, sometimes I don't want to cum immediately. Sometimes it's more fun to just slow down and enjoy the ride."

"I've been experimenting with fisting myself. I'm just starting, so I can't do anything crazy just yet. But, I've gotten up to four fingers and some knuckles. It's an...interesting feeling. I only do it when I'm super turned on already."

where the body is touched. Until this point, researchers debated which part of the cortex responded to female genital stimulation.

A co-author of the study, Christine Heim, a medical psychology professor at Charite University Hospital in Berlin, Germany, believes this study will provide much-needed information in an area that has gone unresearched for too long. "It's completely under-studied," she said. In 2005, similar studies located the area of the cortex that flares during penis stimulation.

"I think this is the wrong way!"

"Where are you sticking that tool of yours?"

Doctor Heim also indicated that this research might prove whether or not the cortex changes due to

sexual experience or the frequency with which women have their genitals touched. Although, that information hasn't been proven just yet. Future studies will most likely test women at varying ages in life, monitoring how their brains evolve as they live their lives.

Doctors asked the participants a series of questions about their sexual histories, ranging from the amount of sex they've had in the past year to their total lifetime sexual activity. What they found was interesting. There is an association between the frequency of sex and the strength of the cortex. Simply put, the more sex the women had, the bigger the cortex was.

This paper opens the door for researchers studying whether there could be treatments to help women overcome sexual dysfunc-

Summer is hot! This Colombian-born sexpot lives in Miami and loves the carefree attitude in the subtropics. "I'm a total party girl," she told us. I make Tik-Tok videos of me swinging around in my bikinis. They're very popular!"

Now, that's easy access!

She has teeny-tiny boobies, and she's as cute as a button. But, she's not as innocent as she looks. This youngster packs a sexual wallop when she's feeling naughty.

Blow the horn!

"When you're young, it's hard to find private places you can screw. One time, I was dating a guy whose dad drove big-rig trucks for a living. My boyfriend and I snuck out and fucked in the back of his dad's semi-truck! That was so hot."

"My family moved around a lot," Reese shared with us. "I mean, I went to five different high schools. So, I had a lot of boyfriends, and I was always the aggressor. I like sex, and I'm not ashamed of that. I like to joke that I was traveling around the country and deflowering a bunch of innocent boys along the way. That's only kind of a joke!"

Minnie

Tampa, Florida

"It wasn't that good when I lost my virginity. I think it's cause the guy wasn't very big, and I barely felt anything," Minnie shared with us. "And I thought it was supposed to hurt the first time you did it! Now, don't get me wrong. It's not that my pussy is loose. In fact, my pussy is tight. I know because I can feel it when I stick my finger in."

She likes 'em big.

"I want a big dick. I'm done with little-dicked guys. The second guy I fucked was bigger than the guy I lost my virginity to, and I could feel my pussy stretching around his pole. It was great. I actually had an orgasm that time."

tions. In the future, scientists could develop drugs that could help stimulate female libido or reprogram the way their bodies register touch. More research is needed, though.

For the study, 20 women between the ages of 18 and 45 had a custom-made object applied over their panties directly on top of their clitorises. Focused streams of air blew onto their clits, gently vibrating their bean. Researchers wanted to make the study as comfortable as possible rather than hooking these women up to a Sybian or another high-powered vibrator. An exciting variation was observed in the study. Although the somatosensory cortex illuminated on the MRI screen for women was the same as men, the exact location was different for each female participant in the study. Basically, this was a case of

"you don't know until you know."

In the scientific field, female sexuality is a hotly contested subject area. One of the issues may be underrepresentation of women in the sciences, and other problems may come from science and medicine being traditionally written by men focusing on male topics. Whatever the case may be, we're still figuring out how women tick, and exciting new research relating to female sexuality is cropping up faster than at any rate in recent history.

In the 1970s, the popular medical and scientific stance was that female orgasm was essential for egg fertilization in pregnancy. The theory went that when the woman orgasmed, her muscled contracted, forcing sperm to head in the right direction. A few decades later, the scientific community held the opposite view; that female orgasm didn't affect pregnancy rates one bit. In fact, the idea even earned the title of a "zombie hypothesis" because, although untrue, it refused to die. That's all well and good, and the science is now settled, correct? Well, no.

Recently, a study in Clinical Anatomy found that clitoral stimulation plays a critical role in reproduction. When the clitoris is stimulated, it activates a series of responses in the brain (much like the somatosensory cortex activity mentioned before). Those responses include enhanced vaginal blood flow (just like the blood flowing into your erection), improved lubrication, higher oxygen rates in the blood, and it shifted the positioning of the cervix, allowing sperm more time to reach their destination.

There are some exciting developments happening in the scientific community revolving around female sexuality. Unfortunately, this new research often has to do double duty; clearing up misinformation from the past while also laying the groundwork for future drugs, therapies and studies. One thing is for sure–humans will always be interested in getting laid better and making more babies.

Jasmine

Austin, Texas

Jasmine is the girl-next-door of your dreams. She's busty, flirty, gorgeous and game for just about anything, even if she doesn't have a lot of experience. "I'm single for the first time in a long time, and I want to get out and try new things. My biggest goal is trying a gangbang or a blowbang." We didn't have a gangbang unit available to pair with her, but we did have an older guy willing to bang her until she came.

"I've got big tits, so I get a lot of stares when I'm in public. I don't get hit on a lot, but I do notice it when guys lock in on my chest when I'm at the mall or on the beach or whatever. I don't mind too much because tits are awesome! I especially like it when guys cum on mine after we're done fucking. It's my favorite way to end things."

"I like older guys. They're slower and more methodical in the bedroom. Sometimes, younger guys can go for hours and fuck like a machine, but I'm not always in the mood for that. Older guys are better at picking up subtle clues about what will get me off. I've never hooked up with a girl, but I assume they're on the same wavelength. I'd really like to try having sex with another woman. It's on my bucket list."

Log on and get turned on.

"I'm comfortable on-camera because I do a lot of webcamming. I started doing it to make ends meet, but now it's my favorite hobby. I'll log on and chat with guys, fingering myself until I cum, and have a great time doing it."
